

AGAPE CHRISTIAN SCHOOL

2ND GRADE SUMMER READING, WRITING, MATH PROGRAM 2018

Congratulations! You have completed 1st grade and now you are on your way to 2nd grade. We know you are excited about all the learning possibilities in the upcoming school year.

In order to bridge the learning gap over the summer, Agape Christian School is promoting summer academic skills practice for all students entering 2nd grade. There are three sections to this packet: reading, writing, and math. The packet is to be completed before the first week of school in August 2018, and there will be special recognition for all students who complete the summer skills packet.

May God bless you this summer and throughout the year! We look forward to working with you to have a successful second-grade learning experience!
