

OCTOBER 10 2018

THE WEEKLY STALLION

God calls children a blessing and a gift! Their spirits are filled with innocence, joy and laughter. Jesus tells us to be like children and to come to Him full of faith and trust. Children deserve our patience, kindness, and understanding through all activities and experiences. This patience builds trust for future relationships in every endeavor that comes their way. Listening and nurturing their needs no matter how small can be very important. Children know they can count on us to be there and love them in every situation. Children have that natural curiosity in seeking answers and learning about the world around them. Creating an environment that instills the love of learning is something we can all benefit from. Remembering what it is like to be a child and see the world from their eyes is gift from God that can bless all those around us.

Whoever humbles himself like this child is the greatest in the kingdom of heaven. Matthew 18:4
